

## **PROJECTS TARGETED FOR POTENTIAL ADVANCEMENT (10% LIST)**

As set forth by KRS 176.420 (HB 655), the following is a listing of all projects shown in the 2004 Recommended Six-Year Highway Plan submitted to the 2004 General Assembly that are targeted for potential advancement. These projects may be advanced from later years to maximize the use of all funds available to the Transportation Cabinet, and to plan for the historical precedent of projects being delayed due to unforeseen circumstances. Submitted herein is a listing of projects from the last four years of the 2004 Recommended Plan, not exceeding ten (10) percent of the expected appropriations for the biennium, which can be advanced if additional money is received or if a project in the biennium is delayed.
